

**SFEE's REPORT ON STATE'S DEBTS TOWARDS SFEE's  
MEMBER-COMPANIES**

***Sales, amounts paid and amounts due: 01.01.2010 – 30.04.2013***

***Athens, May 2013***

The Hellenic Association of Pharmaceutical Companies (SFEE) collected and analyzed all the available data regarding pharmaceutical debts of the state to its member-companies, for the invoices issued from 01.01.2010 to 30.04.2013. The analysis describes in detail the data regarding sales, sums that have been paid and sums that are still pending (owed) for invoices issued in 2010, 2011, 2012, the first 4 months of 2013 and collectively for the invoices of 2010, 2011, 2012 up until 30.04.2013 only for the pharmaceutical sector.

Moreover, the data on pending debts of NHS hospitals, EOPYY (IKA), military hospitals and IFET towards SFEE member-companies for invoices issued before 01.01.2010 were collected and included in the analysis.

The total sales, sums that have been paid and the corresponding debt of the state for invoices issued from 2010, 2011, 2012, and 2013, that is until 30.04.2013 will be presented at Table 1. For NHS, EOPYY (IKA), IFET, and Military Hospitals the debts that are still pending and refer to invoices issued prior to the year 2010 are presented.

At Table 2 the total amount of sales, sums collected and sums that are pending will be presented. These sums refer to all invoices issued from the 01.01.2010 up until the 30.04.2013. For NHS hospitals EOPYY (IKA), IFET, and Military Hospitals the debts that are presented include sums pending prior to the year 2010.

At Table 3 the total amount of sales, sums collected and sums pending will be presented. These sums refer to all invoices issued from the 01.01.2010 up until the 30.04.2013. For NHS hospitals EOPYY (IKA), IFET, and Military Hospitals the debts that are presented include sums pending prior to the year 2010. At Table 3 the sums reported include debt data from member-companies of SFEE which report only aggregate debt data, meaning, not broken down to hospital level.

## **E) Sales, sums that have been paid and sums that are still pending (owed) 2010 & 2011 & 2012 & 2013**

The **main points** resulting from the analysis of the data on sales, amounts paid and amount due (debts) for invoices issued from **01.01.2010 until 30.04.2013 by SFEE member-companies**, are the following:

- The **total amount of sales** effected by SFEE's member-companies to the state from 01.01.2010 until 30.04.2013 reached **€3,046.3 million**.
- On 30.04.2013, the **total amount paid off** by the state to SFEE's member-companies for invoices issued from 01.01.2010 until 30.04.2013, reached **€1,861.6 mil.** In other words, on 30.06.2012, **61.1% of the total debts** of the state have been **paid off**.
- On 30.04.2013, the **total amount of the state's debt** towards SFEE's member-companies was **€1,257.6 million**. It should be noted at this point that, in the total amount of debt presented here, the state debt for invoices issued prior to 2010 has been added. In more detail, €44.3 mil. from NHS hospitals, €3.7 mil from EOPYY (IKA), €14.9 mil. concerning Military hospitals and €1.4 mil referring to IFET
  
- The **NHS Hospitals** carry a very large amount of debt and the total figure reaches **€604.8 million** which amounts to 48.0% of the total debt of the state towards SFEE's member companies.
- **EOPYY (IKA)** also has a large amount of debt towards SFEE's member companies, with total debts of approximately **€560.5 million** (44.5% of the total debt) on 30.04.2013. It should be noted at this point that **€3.7 million** of that figure refer to unpaid invoices issued before the year 2010.
- A large amount of debt also corresponds to the **Military Hospitals** that have paid off only **51.9%** of the invoices issued in 2010, 2011, 2012, and the first 4 months of 2013, and the total amount of debt of the Military Hospitals towards SFEE member pharmaceutical companies reached **€63.9 million** on 30.04.2013, 14.9 million of which refer to invoices issued before the year 2010.
- The general picture obtained from the analysis of the financial data provided by SFEE's members is that the rate at which the state is paying off the debt towards pharmaceutical companies is very slow and especially for year 2013 the payments made have been minimal. The same applies to invoices issued in 2010, 2011 and 2012 as well, which makes the cooperation between the state and the companies-members of SFEE even harder especially if one takes into account the deep recession that the country is going through.
