**Subject: “Issue of a Ministerial Decision for the off-setting of rebates against debts of hospitals”**

Dear Ministers,

Further to our contacts and following your encouragement for the harmonisation of all competent Ministries with regard to the rebates off-setting (9% and escalated) against debts of hospitals, the consent of all you Ministers on the said issue is confirmed.

Therefore, we kindly request that you promptly undertake the above issue and proceed with the issue of the Ministerial Decision, which will provided for the off-setting of the 9% and the escalated rebate with the outstanding debts of hospitals, in order for the companies to promptly proceed with the above off-setting and consequently, close all outstanding issues to the benefit of all parties involved.

We thank you beforehand for your co-operation.

Yours sincerely,

Constantinos M. Frouzis

President
