WE DECIDE

As a temporary measure to protect public health, the temporary ban of parallel exports and intra-Community trade of medicinal products listed in the attached table, for which there are important market shortages, in order to ensure adequate coverage of the needs of patients in Greece.

The present decision is immediately implemented. As long as the ban is in force, any storage of products is prohibited, and it is mandatory for all stakeholders in the supply chain (MAHs, wholesalers, pharmacies) to distribute the medicines to the patients of the domestic market in accordance with the demand and their prescription.

EOF monitors the compliance with the obligations re the adequacy of all products and particularly of those mentioned in the attached table, for which there are market shortages during the last period.

Insufficient coverage of the needs of patients leads to the imposition of fines provided for in Article 19 of Legislative Decree 96/73 as amended by paragraph 1 of article 33 of Law 1316/1983 and Article 152, paragraph 2 of the CMD DYG3 (a) / 83657 (GG 59V/24-1-2006) and more specifically to the imposition of fines of up to 44,000 euros .

The present decision is temporary and is valid until it is recalled or modified by a subsequent decision of EOF.
