Re: Documentation of the Value of donations up to 1% of the total turnover

Dear Director General,

With reference to article 16.9 of the **SFEE Code of Conduct** for the promotion of prescription-only medicinal products, we remind you that donations/grants may be performed by pharmaceutical companies, only up to a percentage of 1% of their total turnover.

In this case, and given the post you made at www.donations.gr, we kindly request that you address a letter to SFEE's Due Diligence Department, by virtue of which you will document, with elements from the balance sheet of the fiscal year 2014 being closed, that the donations declared do not exceed 1% of your total turnover.

We thank you in advance for your prompt response.

Yours sincerely
